- Kayak/Canoe and Gear
 - 1. life jackets
 - 2. paddles
 - 3. repair kit

Food & Water

- Water
 - Make sure you have enough water for your trip. There are good reccomendations on how much water to bring here http://appalachiantrail.org/home/explore-thetrail/hiking-basics/food-water-and-gear
- Food
 - Pack enough food (and a little extra) for your trip. We suggest you check out our full camping food checklist for a detailed list of items. You can view it here.
- Drinks
 - Though water is most important you may want to bring a few more drinks. In our food camping checklist we have a list of drinks you may want to bring (can you say coffee).
- Snacks

- If you're going on a hike you are going to want to bring snacks. Or a few marshmallows for around the fire. We have a full list of snacks that are great for camping in our food checklist [View Checklist].
- Kitchen Supplies
 - o If you want to cook food you need to bring some kitchen supplies. We have a detailed list in our food checklist. It covers all the basics and extra items that you may need.
